EDUCATION

California State University, Fullerton

Bachelor of Science, Computer Science

Aug 2016 - May 2020

- **Coursework:** OOP, Data Structures, Algorithms, Front & Back-end Engineering
-

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, C++, HTML, CSS
 - **Technologies:** React.js, Node.js, MongoDB, Express.js, Git, Bash, MySQL
-

PROJECTS

Friends List

- Created a full stack application that allows users to maintain a list of friends and add notes using CRUD operations. Built using the MERN stack. Deployed and hosted online using Netlify and Heroku.

Billboard Top 100 Playlist

- Built a program that web scrapes the top 100 songs of an inputted date from www.billboard.com. Song names are used to create a private Spotify playlist on the user account using OAuth and Spotify API.

Personal Website

- Built a portfolio website with ReactJS and JavaScript. Styled with CSS and React Bootstrap. Includes a method for email contact, resume link, and links to networking/social media sites.
-
